## Psychologist Position

The Okanagan Ability Centre ([okanaganabilitycentre.com](http://okanaganabilitycentre.com)) is a private practice that offers psychological assessments to children and youth in beautiful Kelowna, BC. We are seeking a full-time (ideally) or part-time Psychologist to join our group practice. The successful candidate will enjoy the variety of assessment work that we do and the interesting range of presenting concerns. This position offers lots of opportunity for professional development as well as support to pursue individual areas of clinical interest. Our clinic provides a unique balance of the job security/support associated with a salaried position and the flexibility/autonomy that comes with private practice.

Salary: \$45-\$55/hr.

### **Responsibilities:**

- Completing psychological and psychoeducational assessments
- Providing diagnoses and recommendations
- Conducting clinical interviews and leading feedback meetings
- Preparing documentation and reports
- Collaborating with other professionals and community partners
- Working with other psychologists and psychological assistants at the clinic

### **Qualifications:**

- Ph.D. in Clinical Psychology
- Registration with the College of Psychologists of BC (or eligibility for such registration)
- Experience with psychoeducational assessment
- Experience working with children and families
- Excellent written and verbal communication skills
- Familiarity with Autism Spectrum Disorder and other complex neurobehavioral presentations an asset
